

Case Study

Co Co Properties LLC- BP Hi-Way Hop Lomira, WI

Working with LSI, BP decided to take the opportunity to retrofit 22 existing 400-watt metal halide Richmond fixtures with LSI's new Crossover Generation 3 LED canopy lighting. Installation was fast and easy and the payback is less than 2 years.

"We absolutely love the outcome of the upgrade. Our customers feel safer and it makes the site look so much brighter and cleaner. We were so happy with the results we are looking into it for our other locations as well."

Traci Cole-Michaels
BP Hi-Way Hop

Products Used: CRO3 Generation 3 Recessed SuperKit® canopy fixtures (Ambient, 128 LEDs)

Results: Outstanding lighting
Great cutoff
64% annual energy and maintenance savings
1.65 year payback (energy alone)
