

LSI Case Study

Pathmark Supermarkets

As a long-time partner to the A&P family, LSI Graphic Solutions has developed, produced and installed a great number of unique, exciting graphic solutions to make shoppers' experience more efficient and enjoyable while shopping in one of A&P's newly remodeled Pathmark stores. From aisle directories and product way finding signage to specialty department structural elements, LSI worked closely with the design firm CBX to deliver vibrant, exciting graphics and signage to attract, direct and inform. In addition, LSI has managed and executed installations for both new construction and remodels across all of A&P's store brands.
