A Company with a *Smart Vision*

*Dramatic, Energy-Efficient Lighting By Design*

## LSI's LED Linear Lighting

Beauty and architectural flair are important when setting a dramatic mood. LSI's line of LED linear lighting was designed to deliver long-lasting, consistent radiance and luster wherever it's needed and for a variety of applications, be it new construction or a retrofit.

### Why LED Linear Lighting?

- **Long lasting:** LEDs last 3-5 times as long as fluorescents and up to 30 times longer than halogen
- **Reduce energy costs:** LEDs are up to 50% more efficient than fluorescents, and up to 7 times more than halogen
- **Environmentally friendly:** No mercury or lead
- **Perfect for merchandising:** No UV or IR
- **Flexibility:** Wide range of fixture lengths from 12" to 48"
- **Enhanced Image:** Merchandise sparkles and comes to life, translating to increased appeal (and sales)

### Why Choose LSI?

- **Longer lasting:** up to 100,000 hours (twice as long as competition)
- **Aimable:** All fixtures can pivot from 0° +/- 90°
- **Versatile:** 3 color temperatures available (cool, neutral, warm white)
- **State-of-the-art Driver technology** complies with IEC and FCC standards
- **Separate power supply** reduces space in display cases, ease of maintenance
- **Easy installation,** new or retrofit with bracket or adhesive
- **Strength and credibility:** All fixtures carry 5 year limited warranty

## LXL – LED LINEAR HIGH OUTPUT LIGHT

SUPERIOR HIGH-LUMEN PACKAGE COMBINED WITH LOW WATTAGE CONSUMPTION

- Up to 550 Lumens at only 7 Watts per foot
- Delivers most light at task
- Aimable: 0° +/- 90°

Perfect for coves in high ceilings where maximum light is required. Also a brilliant choice to showcase crystal, gold or gemstones (retail, museum, display, cove and interiors).
