**PRODUCT HIGHLIGHTS**

- **LEDs** - Use of closely-spaced medium power, high-brightness chips minimizes pixilation and provides uniform luminance. Available in 4000K, 3500K and 3000K color temperatures. CRI >=80. LM-80 reports available.

- **Shielding** - Frosted Acrylic lens.

- **Wide Variety of Distribution Patterns** - LiniArc D/I is available with a wide selection of pattern control covers that allow you to select a distribution pattern that suits your application. From 80% uplight to 100% downlight.

- **End Caps** - Flat end caps provide a clean finish.

- **4-Foot Incremental On-Grid Mounting** - Fixtures are available in 4 and 8 foot lengths to match handling capabilities on job site. 4-foot increments allow the fixtures to be mounted on standard ceiling grids, no matter how long the row. (Yoke mount only).

- **Easy Cable Attachment** - No locking plugs are needed with LiniArc fixtures. Hanging connections are secured by the end cap or the adjoining fixture.

- **Less Installation Labor** - Fixtures come with the connecting hardware pre-installed. Keyhole slots capture the joining screws and hold the fixture while the screws are tightened.

- **Easy Two-Way Adjustment** - Finger-action cable grippers on yoke mount allows simple height and side-to-side adjustment, and lock in place with a set screw. This allows the hangers to be pre-set to length on the ground prior to hanging the fixture.

**HOUSING** - Die Formed 20-gauge steel. Textured white polyester powder coat finish

**REFLECTOR** - Die formed steel, high-reflectance white polyester powder coat finish.

**DRIVER** - 0-10V dimming driver standard. SS and HO outputs dim to 1%. VHO output dims to 10%. Universal voltage (120-277 VAC), 347 VAC.

**PHOTOMETRICS** - Please visit our web site at [wwwlsi-industries.com](http://wwwlsi-industries.com) for detailed photometric data.

**LISTING** - U.L. listed to U.S. and Canadian safety standards.

This product, or selected versions of this product, meet the standards listed below. Please consult factory for your specific requirements.

**ACCESSORIES** - See Accessories page for Hanging and Feed Options
LINIARC® DIRECT/INDIRECT PRISM LENSED LED
