Standard Fixture/Equipment Schematic

Wire Form into Wall Plate

Step 1
1. Attach wall plate to existing junction box by others.
2. Or, additional holes provided for attachment to wall.

Step 2
1. Attach luminaire to wall plate by inserting Wire Form into Wall Plate.

Step 3
1. With luminaire hanging open, make primary wiring connections.

Step 4
1. With wiring connections complete, place wiring and connections in junction box.
2. Swing luminaire into the closed position and tighten (2) screws located on the bottom securing luminaire to Wall Bracket.
3. Apply sealant to top and side edges of luminaire where contact is made with the wall ensuring a water tight seal.
